

Weekly Log Entry

Major Project: MP-II

Week No.: 7

Prepared By: Kartikey Srivastava (221030321)

Date: 25th March 2026

Meeting No.: 7

Tasks Decided in Previous Meeting

- Implement onboarding offers feature UI and logic.
- Integrate cart gift zone functionality.
- Improve code quality and resolve analysis issues.

Work Completed During the Week (23rd March – 29th March)

Worked on the implementation of the onboarding offer feature, including developing the UI for the staples onboarding offer screen.

Integrated business logic for onboarding offers using Bloc architecture, ensuring proper event handling and state management.

Performed multiple UI and logic refinements to improve the overall onboarding experience and ensure smooth user interaction.

Resolved issues identified during code reviews, incorporating feedback to improve code structure and maintainability.

Fixed bugs related to the monthly gift feature and ensured correct behavior across different user scenarios.

Implemented and refined cart gift zone logic, including updates to gift section handling and display logic within the cart.

Performed flutter analyze fixes to resolve warnings and improve code quality and consistency.

Managed multiple branch merges with the development branch to keep the feature branch up to date and avoid integration conflicts.

Added safe commits and incremental updates to ensure stability during ongoing feature development.

Learning Outcomes

Gained practical experience in implementing feature-specific architectures using Bloc in Flutter.

Improved understanding of integrating business logic with UI components in a scalable manner.

Internal Supervisor: Mr. Ajeet Kumar Verma
