

Weekly Log Entry

Major Project: MP-II

Week No.: 6

Prepared By: Kartikey Srivastava (221030321)

Date: 18th March 2026

Meeting No.: 6

Tasks Decided in Previous Meeting

- Stabilize recommendation system functionality.
- Fix bugs related to tab switching and dynamic updates.
- Improve project documentation and version tracking.

Work Completed During the Week (16th March – 22nd March)

Fixed critical bug in the recommendation system where recommended products were not updating correctly on tab changes.

Improved data handling logic to ensure smooth and accurate updates of recommendations across different sections of the app.

Performed additional analysis and bug fixes to enhance application stability and performance.

Updated project documentation, including CHANGELOG.md, to maintain proper version tracking and record of changes.

Made build-related changes to improve project configuration and ensure smooth compilation and deployment.

Conducted testing to validate fixes and ensure consistent behavior across various scenarios.

Learning Outcomes

Gained deeper understanding of state management and dynamic UI updates in Flutter.

Learned the importance of maintaining proper documentation and changelogs in large projects. Improved debugging skills for handling complex issues related to UI state and user interactions.

Internal Supervisor: Mr. Ajeet Kumar Verma
